

product code: **AF 110PF**

| Filtration grade                            | PF - General purpose Protection Filtration |
|---------------------------------------------|--------------------------------------------|
| Efficiency [l/min]                          | 1833                                       |
| Capacity [m3/min]                           | 110                                        |
| Ciśnienie [bar]                             | 7                                          |
| Pressure max [bar]                          | 17                                         |
| Connection [BSP]                            | 3/4"                                       |
| Weight [kg]                                 | 1.1                                        |
| ISO 8573-1 Filtration class                 | 2                                          |
| ISO 8573-1 Residual oil filtration class    | 2                                          |
| Inlet temp. [°C]                            | 100                                        |
| Pressure drop with saturated elements [bar] | 0.1                                        |
| Element replacement time (hours)            | 4000                                       |

## Warianty produktu
