

product code: **AF 40CF**

| Filtration grade                            | CF - Activated Carbon Filtration |
|---|----------------------------------|
| Efficiency [l/min]                          | 667                              |
| Capacity [m3/min]                           | 40                               |
| Ciśnienie [bar]                             | 7                                |
| Pressure max [bar]                          | 17                               |
| Connection [BSP]                            | 1/2"                             |
| Weight [kg]                                 | 0.6                              |
| ISO 8573-1 Filtration class                 | Undefined                        |
| ISO 8573-1 Residual oil filtration class    | Undefined                        |
| Inlet temp. [°C]                            | 60                               |
| Pressure drop with saturated elements [bar] | 0.1                              |
| Element replacement time (hours)            | 1000                             |
