

product code: **F 0016 HDPCF**

| Filtration grade   | CF - Activated Carbon Filtration |
|--------------------|----------------------------------|
| Pressure max [bar] | 40                               |
| Connection [BSP]   | 3/4"                             |
| Flow rate [m3/h]   | 432                              |
| Efficiency [l/min] | 7200                             |
| Height [mm]        | 252                              |
| Width [mm]         | 94                               |
| Lenght [mm]        | 20                               |
| Weight [kg]        | 1.8                              |
